MESSAGE FROM THE MAYOR

On behalf of Council, I am pleased to present the 2012 Annual Report for the City of White Rock. This report provides a comprehensive overview of the City's financial performance for the fiscal year ending on December 31, 2012, as well as a review of departmental activities and program highlights for the year.

Last year was a busy year, full of new ideas and initiatives that will greatly benefit our beautiful City. Two way communication with our residents was paramount in moving forward. We held four community forums in 2012 which were well attended and resulted in excellent, intelligent dialogue.

After a community forum on arts as an economic generator, we developed an Arts Economic Task Force. This group was tasked with providing Council with a strategic plan for the advancement of the arts as an economic generator in the community. In November 2012, the task force presented a well thought out strategy to Council and in 2013 we will be putting that strategy into place, taking the

necessary steps to make White Rock a world class arts and cultural destination.

We also heard and responded to the need for an off-leash dog park, opening a 37,000 sq. ft. off-lease dog park in Ruth Johnson Park, right beside Centennial Arena, in October 2012. Our new off-lease dog park is an excellent example of how residents can make a difference by communicating with Council.

Sadly, we also experienced loss in 2012. On June 26, 2012, community advocate and long-time Councillor Mary-Wade Anderson passed away. The City held a By-Election on November 3 and as a result, Bill Lawrence joined us on Council. Fortunately, Councillor Lawrence learned the ropes quickly and has been a great addition to our strong Council.

As we move forward in 2013, the priorities we identified early in our term remain important. We will continue to move forward to reach the goals and objectives clearly communicated through our 2012 - 2014 Corporate Priorities.

As a Council, we enjoy hearing from our residents. To e-mail any member of Council directly, use their first initial and last name @whiterockcity.ca (for example wbaldwin@whiterockcity.ca). You can also send an email to whiterockcouncil@whiterockcity.ca, which is automatically redirected to Administration staff to facilitate a timely response. Emails are provided to Council the week in which they are received.

On behalf of City Council, we hope you enjoy this report on our City's activities and accomplishments of 2012.

REMEMBERING COUNCILLOR MARY-WADE ANDERSON

On June 26, 2012 the City of White Rock lost longtime Councillor Mary-Wade Anderson at the age of 84 due to heart complications nearly four months after undergoing a heart-valve replacement

Mary-Wade was a passionate and outspoken advocate for our community and a White Rock Councillor for 12 years. She served on numerous committees and boards during her time on Council, and particularly enjoyed her work with Metro Vancouver's boards, the Waste Management Committee, the Lower Mainland Treaty Advisory Committee (LMTAC), and the Peace Arch Hospital and Community Health Foundation. She quickly became an expert in those and any subject that interested her.

"Mary-Wade had two major interests in her life the Peace Arch Hospital and Community Health Foundation and City Council," said Mayor Baldwin, who was the City Manager of White Rock when Mary-Wade was first elected to Council. "She was a force to be reckoned with and livened many a meeting with her famous one liners."

Mary-Wade's rich history includes a career as an industrial welfare officer, nurse, realtor and businesswoman. She was also a past-president of the Fraser Valley Real Estate Board.

On July 11, 2012, the City of White Rock remembered Mary-Wade Anderson through a Celebration of Life at the White Rock Community Centre. Many friends and members of the public attended the event, packing the community centre and sharing memories of the tough but genuine Councillor.

CITY OF WHITE ROCK AT A GLANCE - 2012

ABOUT WHITE ROCK

White Rock, British Columbia, is located in the southwest corner of the Lower Mainland, 45 kilometers from the City of Vancouver and three kilometers from the Canada/US border.

A beautiful, seaside community, White Rock surrounds an eight kilometer sandy beach and the warm shallow waters of the Semiahmoo Bay. With a moderate climate, White Rock is a preferred retirement spot, with an average summer temperature of 23° C, and an average winter temperature of 6° C.

COUNCIL'S CORPORATE PRIORITIES

COUNCIL'S CORPORATE PRIORITIES

Collectively, Mayor and Council set the strategic direction for the City of White Rock. The Corporate Priorities identifies and documents the priorities of the City of White Rock for the 2012 – 2014 term of Council and illustrates goals that have already been achieved.

The plan gives Council and staff a clear roadmap. It helps focus energies on what is most important, ensures proper allocation of resources to different priority areas in a balanced way, and provides direction to employees on how they contribute to the plan. This plan is re-evaluated regularly to monitor and assess results and performance.

A checkmark beside an item indicates the completion of that task or priority. A dot next to an item indicates the year it will be addressed. Some items are ongoing, which is indicated by dots under more than one year.

VISION AND VALUES

CORPORATE VISION

White Rock will provide for all its citizens a high quality of life where:

- Our high quality environment is protected and nurtured for current and future generations.
- The community feels safe, secure and friendly.
- Opportunities exist for our businesses to prosper.
- Arts and culture flourish and our heritage is celebrated.
- Municipal boundaries are less important than a strong sense of pride in and connectedness to our community.
- We all can live, work and play in an enjoyable atmosphere.

MISSION

Building community excellence through effective stewardship of all community resources.

CORPORATE VALUES

Excellence - always striving for improvement.

Respect - building trust and respect within our sphere of influence.

Integrity - honestly striving for equity and fairness in all that we do.

Responsibility - always mindful of our responsibility to current and future generations and our environment.

Accountability - taking seriously the stewardship role our electors have bestowed on us, and communicating why we are doing what we are doing so that transparency of decision making is maximized.

Value - adopting innovative approaches to service delivery that assure the most value (return) for the least (investment) net cost to taxpayers (note: this is not the same as always picking the least expensive approach).

Community Participation in Government - maximize inclusivity and involvement in public decision making.

MESSAGE FROM THE CHIEF ADMINISTRATIVE OFFICER

On behalf of the employees of the City of White Rock, I am happy to present our 2012 Annual Report.

A snapshot of 2012 is presented throughout the pages of this report, along with the financial results for the year, and key projects completed. Also highlighted are our upcoming projects and priorities for 2013.

As a long-term resident of the area, I was excited to join the City of White Rock team in 2012. I hit the ground running, working extensively with staff and Council on the many goals and priorities for the year.

We established several task forces with very specific goals. The Arts Economic Task Force focused on a strategic plan for advancing arts as an economic generator in our community. The Mayor's Parking Task Force brought together

representatives from the City, the White Rock Business Improvement Association, and waterfront businesses to explore parking and related options for the waterfront area and immediate surroundings. The task force made their recommendations to Council in record time and their creative and out of the box ideas where adopted.

In 2012 we also made large strides forward in reducing the amount of solid waste we send to the landfill. With the Green Can program firmly in place for single family dwellings, we moved garbage collection to alternate weeks. The Green Can and recycling collection programs remained weekly. The new alternate week garbage collection schedule was well received, and residents are making excellent use of the weekly curbside recycling programs to reduce the amount of garbage that goes to the landfill.

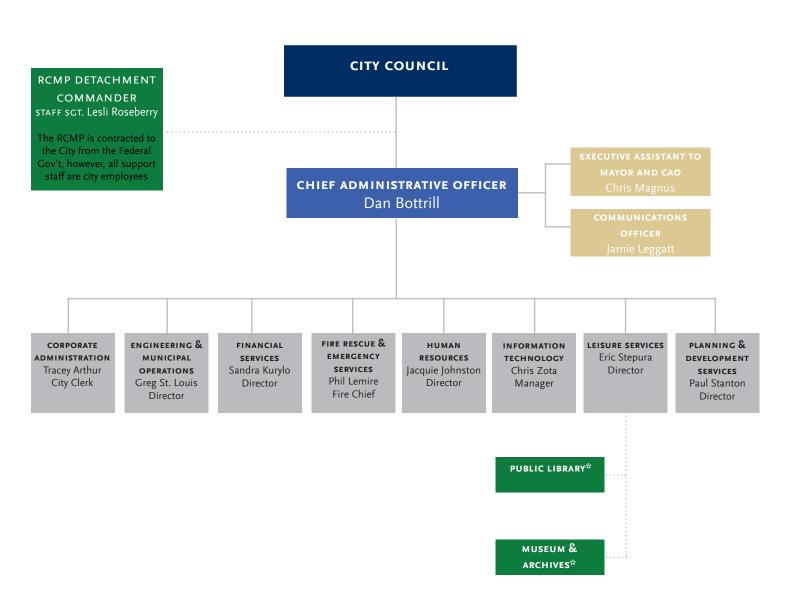

Internally, 2012 was a year of solidifying our senior management team. We filled the vacant positions of Director of Leisure Services, and Director of Engineering and have moved forward with a strong and well experienced senior management team.

I would like to express my thanks to Mayor and Council, City employees and our many volunteers. Each and every one of these dedicated individuals work diligently for White Rock. Moving forward, I expect 2013 to be an exceptional year as we all work together for our City by the Sea!

Dan Bottrill

Chief Administrative Officer

FIRE RESCUE

The primary mandate of White Rock Fire Rescue is to protect life, property and the environment, from fire and natural or man-made emergencies. The department strives to achieve this through a variety of services and programs.

The department quickly responds to a wide variety of emergency incidents with well trained staff and is comprised of six key areas:

Fire Suppression

The department responds to incidents involving or potentially involving fire. They assess the problem, protect lives, property and minimize damage to the environment.

Medical Calls

Firefighters are trained as First Responders for medical emergencies. This "First Responder" service is a part of the pre-hospital medical care system in the Province of British Columbia.

Motor Vehicle Incidents (MVI)

The department is equipped with rescue equipment that can be used for auto extrication. Fire crews also attend MVI's for a variety of reasons including fire suppression, medical assistance, to control fuel leaks, environmental protection, and to secure the scene for the safety of other emergency responders.

Rescue and Safety

The department responds to a wide range of miscellaneous incidents. Some examples are people trapped in elevators, oil/fuel spills, electrical problems, damage to gas lines and complaints of various types.

Fire Prevention

In order to minimize the occurrence and the potential consequences of fires, the department has a proactive prevention program. Regular inspections are carried out in all assembly, commercial, institutional and multi-residential buildings. The department works closely with Planning and

Development Services reviewing building plans, development proposals and completes license inspections or preoccupancy inspections when required.

Public Education

The department provides fire safety and emergency preparedness training information and programs.

EMERGENCY PROGRAM

Personal preparedness training sessions continue to be a focus of the Emergency Program. As well in 2012, council and senior staff received a core training program designed to provide an overview and framework of the City and Provincial Emergency Programs.

Staff participated regionally in projects related to IPREM, which is the Integrated Partnership for Regional Emergency Management in Metro Vancouver.

In October city staff participated along with over 590,000 other British Columbians in the Great British Columbia Shakeout Earthquake Drill. The intent of the drill is to promote awareness of how to prepare and protect yourself when an earthquake occurs.

Emergency Preparedness

The Fire Chief is the Emergency Coordinator for the City and oversees the City's Emergency Response Program. The Program consists of many aspects, such as reviewing emergency response plans, the ESS (Emergency Social Services) Program, responsibility for and management of the EOC (Emergency Operations Centre), staff training and Public Education.

DEPARTMENTAL HIGHLIGHTS FROM 2012

The Fire Rescue Department responded to 1,494 incidents in 2012, of which 1,281 were of an emergent nature. This equates to a 3.5% increase in calls for service from the average call volume experienced over the previous five years. Of the 1,494 incidents, 277 were fire related and 65 involved a rescue or motor vehicle incident. There were 951 responses to medical incidents in 2012, which equates to a similar percent of the overall call volume from the previous year.

The department continues to place an emphasis on being proactive in the areas of prevention and education. In 2012 WRFR with assistance from the National Fire Protection Association established a "Remembering When" program in partnership with the White Rock Home Health Office of Fraser Health. The program is designed to provide education on fire and fall prevention to older adults.

A home smoke alarm program was also established where crews check smoke alarms and will assist with replacing batteries or the detector if the resident requires assistance.

WRFR in partnership with White Rock RCMP hosted a Community Safety Fair, with numerous agencies that serve the area attending. During the year 38 public education sessions took place in a variety of formats such as school presentations, fire safety presentations and fire hall tours. Over 2250 people attended the sessions over the course of the year.

The department completed 692 inspections during 2012. Inspections occurred primarily in multifamily, business and institutional occupancies. Reviews continue to be completed on development applications and various plans submitted for permits.

HUMAN RESOURCES

The Human Resources Department supports and enhances the City's vision through the establishment of employee programs and policies that assist and guide employees in reaching and accomplishing their goals and objectives.

Human Resources partners with other City departments to attract, retain and motivate a qualified and inclusive workforce. Core business areas include:

Recruitment, Employee Development and Retention

The recruitment, training and retention of staff is a key role of Human Resources. Through training programs, the department supports the continued development of staff.

Employee Health and Safety

Human Resources supports the creation and maintenance of a safe, respectful and healthy workplace for all employees. It is committed to the prevention of injuries and optimizing the health and well-being of staff.

Organizational Planning

The department creates and implements strategies in partnership with other City departments to align organizational objectives and available resources. Human Resources provides strategic expertise in the City's human capital business decisions and actively participates in regional municipal human resources and labour relations matters.

Labour Relations

Human Resources fosters effective partnerships with our unions and employees and provides expertise and guidance to staff on matters pertaining to collective agreement interpretation and administration.

Salary and Benefit Administration

Human Resources identifies and promotes industry best practices and is a strategic partner in achieving workforce excellence and organizational capacity resulting in the delivery of valued services.

DEPARTMENTAL HIGHLIGHTS FROM 2012

- Recruited three senior City management positions
- Introduced and rolled out a new corporate Respectful Workplace policy
- Participated in the development of the City's internal intranet site
- Continued implementation of an enhanced occupational health and safety program and related training
- Delivered wellness sessions for all City employees
- Commenced planning and development of a corporate leadership development program
- Conducted an organizational review of RCMP support services

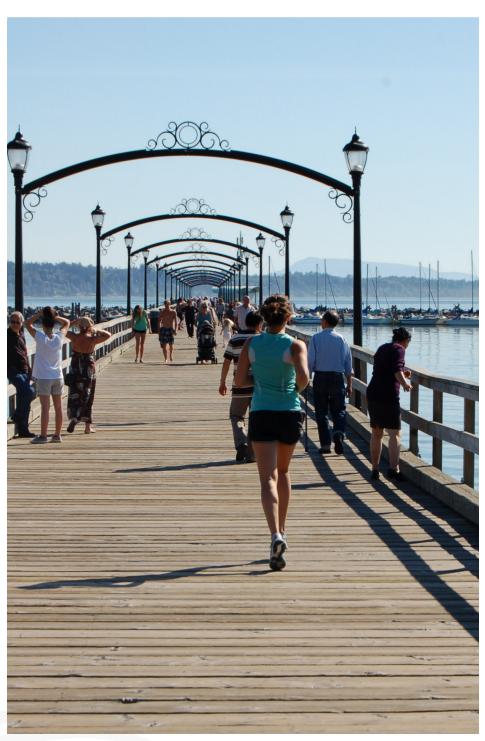

INFORMATION TECHNOLOGY

The Information Technology department provides technology services, advice, solutions, and guidance to support City operations. In addition to ensuring the efficient and effective delivery of services, the Information Technology department manages the security and protection of electronic data.

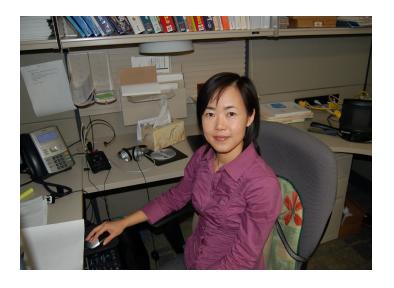

The department is comprised of two sections:

Information Technology Services

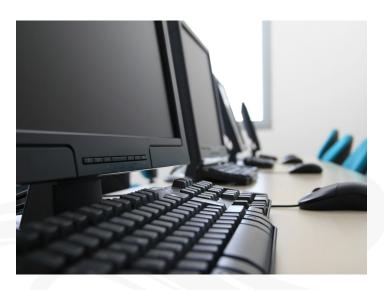

- Desktop Computer Support
- Network and Telecommunication Infrastructure
- Server maintenance and System Integration
- Database and Website Administration
- Project Management
- · Planning and Standards
- Application Support and Integration

Geographic Information Systems (GIS)

GIS is an innovative computer-based mapping tool that takes information from a database about a location – such as streets, buildings, water features, vegetation, and terrain – and turns it into visual layers. The ability to view these features on a map gives users a better understanding of a particular location, enabling planners, analysts, and others to make informed decisions about their communities.

DEPARTMENTAL HIGHLIGHTS FROM 2012

White Rock Online Mapping System

This was made possible through an innovative collaboration with the City of Surrey. By utilizing Surrey's proven and feature rich online mapping tool (COSMOS), White Rock is able to provide a high quality online mapping system experience. This puts everyday GIS tools in the hands of the general population and city staff alike. The service can be accessed from any computer (Windows/Mac) or mobile device. The City of White Rock will continue to look for ways to collaborate and develop new services in a cost effective manner.

Upgraded City's Internet feed to a 10 Mbps fiber optics link. Today's applications and business transactions are increasingly web based, feature reach, and data intensive. To make this possible, an organization requires the appropriate network infrastructure. The City will be better positioned for the adoption of eGovernment applications. This was achieved with significant cost savings.

Tree Inventory Management GIS application

This project was completed by digitally mapping the location of city trees. Additional data about the trees (species, disease, etc.) has also been collected and it will allow for a more accurate management approach.

White Rock Museum Internet feed and network infrastructure upgrade.

The renovations of this facility involved the addition of a modern high tech HVAC system. For monitoring and troubleshooting purpose, these systems require access to the Internet. The new Internet service provides more than ample bandwidth, and the new network equipment allows City maintenance staff to access the equipment without having to drive in.

White Rock Visitors Kiosk (Marine Drive) – Internet service change

This facility had a separate Internet feed, for which the City was financially responsible. Economies of scale were achieved by eliminating this service, and instead piggybacking to the Museum's Internet feed. This has resulted in operating costs savings.

Infrastructure and Software upgrades: several business systems have been upgraded and refreshed.

Centennial Arena Telephony Improvements

This facility had an obsolete PBX based telephone system, which has been replaced with Voice over IP based system and desk sets, leading to it being integrated with the City's main telephone system. Users will benefit from advanced features, more flexibility, and less complex issue troubleshooting.

ReCollect Garbage Scheduling Calendar

The old garbage calendar scheduling system was archaic, inflexible and labor intensive. By employing a flexible, cost effective Cloud based tool for garbage pickup management, we're now enabling citizens to fully customize the way in which they prefer to have the reminders delivered to them. In addition to this, it allows the City to broadcast important messages about its services.

In 2012, Information Technology completed a total of 1,162 support/helpdesk tickets.

LEISURE SERVICES

Leisure Services fosters a healthy community through programs, activities and events that create a sense of community identity, belonging, pride, and spirit.

This department plays an important role in building a healthy and vibrant community. We work with a variety of community partners to provide access to the best recreation and leisure activities possible. We are staffed by 12 employees, employ 103 qualified instructors and manage the work of 400 volunteers.

What We Do:

- Provide quality community recreation programs for seniors, adults and children in the White Rock-South Surrey community;
- Operate Centennial Park Leisure Centre and Arena, Kent Street Activity Centre, White Rock Community Centre and the Centre for Active Living;
- As the primary liaison for community special events, Leisure Services ensures that quality programming and implementation is maintained in the delivery of community events;
- Coordinate the rental of meeting rooms and special event facilities for the community of White Rock-South Surrey;
- Produce a quarterly Leisure Guide and other marketing and communication tools for all Leisure Services projects, programs and events.

Our Commitment:

White Rock Leisure Services is committed to providing citizens with a wide range of high quality sport, recreation, and arts and cultural services. Management and staff are dedicated to ensuring Leisure Services customers receive exceptional service, qualified instruction and clean facilities.

DEPARTMENTAL HIGHLIGHTS FROM 2012

New Director of Leisure Services (Eric Stepura) was hired in July.

Community Recreation

- In 2012, Leisure Services offered 1,145 programs in arts/culture, sport/fitness, health/wellness, lifelong learning and social opportunities.
- Secured \$2,892 Jumpstart funding and provided Leisure Access Program subsidies totaling \$4,174. This funding support helped remove financial barriers to participation in community recreation programs.
- Representation at various multi-disciplinary community committees for sport, children, youth, adults and seniors.
- Maintained a close relationship with Semiahmoo Arts to promote arts/culture programs and events in the community including:
 - Six Art on Display exhibitions at the White Rock Community Centre. The program ensures art is visible and accessible to the community and supports the artwork and the creative concepts of artists. 163 original artworks were presented;
 - The Tetrault exhibit showcased the donation of 13 original works by artist Richard Tetrault from his mother Wynn Tetrault's private collection;
 - Art students and Leisure Services art participants were featured in the Fall Student Show;
 - Several original fibre arts pieces were displayed as part of the community-wide Out of the Box Fibre Arts Festival;
 - Three award winning art films in the first half of the Get Reel film series at the White Rock Community Centre;
 - Auditioned and licensed 37 buskers for the City's six busking sites;
 - Adjudicated 9 artists for the Painter's Square program on the waterfront.

Special Events

Leisure Services facilitates and/or provides support for 24 community and charitable events and produced 3 major City special events including Canada Day by the Bay, Tour de White Rock, and the Rick Hansen 25th Anniversary Relay.

Supported annual community events included the White Rock Farmers Market, Canada Day 10K, Netherlands Remembrance Day, Peace Arch Hospital Foundation Gala, Relay for Life, Sears National Kids Cancer Ride, Spirit of the Sea Festival, Great Pumpkin Run, Remembrance Day Ceremony, and Christmas on the Peninsula.

The Rick Hansen 25th Anniversary Relay came to White Rock on May 19th and as an "End of the Day Community" the City hosted a celebration that brought the community together, raised awareness about accessibility, and celebrated the progress that has been made in spinal cord research.

Community Development and Partnerships Provided meeting space for 528 rentals and processed 6178 bookings.

 Including joint event space for seven Peace Arch Curling Centre bonspiels

Provide support and attendance at the Semiahmoo Seniors Planning Table

 Successful application for 2012 UBCM White Rock Age Friendly Community Project Grant.

RCMP SERVICES

The White Rock Royal Canadian Mounted Police Detachment consists of 23 regular members. Staff Sergeant Staff Sergeant Lesli Roseberry is the Detachment Commander and has occupied this role since March of 2009.

The White Rock Detachment is divided into four watches, each with a Corporal in charge. There is one community policing Constable. The Detachment is a fully equipped police detachment with front counter staff during business hours and with facilities to house prisoners (cells). Complaint taking and dispatching services are provided off site by the City of Surrey RCMP Operational Communications Centre.

The Detachment's Community Policing section is responsible for providing the citizens of White Rock several crime prevention programs. General Duty watch members often do not have the time to devote to these types of programs and for this reason an officer is dedicated to this unit to ensure its integrity. The Crime Prevention Coordinator is responsible for all of the Community Policing programs such as the mature driver training; graffiti clean up, and lock out auto crime. The Detachment also has a very active group of approximately 30 community policing volunteers that help administer and promote these programs.

The Community Policing member is also responsible for school liaison duties, including presenting the DARE program. This is a very popular program that provides drug and violence resistance training for grade five children.

The Victims Assistance Coordinator is responsible for providing victims and witnesses of crime support during their dealings with the criminal justice

system. Staff provide valuable guidance and proper referrals to these people during a very stressful time in their lives.

The White Rock RCMP is committed to being transparent and accessible while identifying the needs and expectations of the community.

DEPARTMENTAL HIGHLIGHTS FROM 2012

White Rock RCMP Beach Enforcement Initiative Officers provided a highly visible policing presence along the waterfront from May 19 – September 3, 2012. This initiative was considered an overwhelming success and will continue in 2013.

Traffic Enforcement and Impaired Driving

With enhanced initiatives and targeted enforcement in this area, the detachment apprehended a significant number of impaired drivers and issued numerous driving suspensions. With the new Immediate Roadside Suspension laws, drivers whose ability to operate a motor vehicle were impaired by alcohol were swiftly taken off our roadways.

Property Crime – Break and Enter

Through employing crime reduction strategies, the White Rock Detachment had great success with increased detention and apprehension in all areas. Although Criminal Code Property Offences have increased throughout the region it is anticipated that the continuation of crime reduction strategies will prove beneficial over time.

ENGAGING OUR COMMUNITY

The City of White Rock's outreach includes a variety of online and offline tools. As new technology emerges, the City is committed to finding ways to connect and engage with citizens in conversations that matter and are meaningful. Communication tools the City uses on a regular basis include:

City Website - www.whiterockcity.com

Your guide to City services, news, programs, Council meetings, agendas, reports, online mapping systems, events and more.

City Facebook Page - www.facebook.com/whiterockcity

City Twitter Feed - www.twitter.com/whiterockcity

City News E-Newsletter - www.whiterockcity.com/newsletter

The City News e-newsletter is distributed weekly. An electronic version is also posted on the City's website. Submit your e-mail address and we'll send it directly to your inbox.

Regular Council Meetings

The City of White Rock Council meetings are held twice a month on Monday nights at 7:00 p.m. in Council Chambers, except for August, when no meetings are scheduled. Attending Council meetings is an excellent way to learn more about what's happening in your community. Council meetings are televised on Tuesday of Council meeting weeks at 9:00 p.m. on Shaw Cable 4.

Committees

The City of White Rock Council has Committees, Task Forces and other advisory bodies to ensure opportunities for input from specified groups or members of the general public.

Community Forums

White Rock City Council holds quarterly community forums to gain public input on specific topics. In 2012 these forums discussed the Uptown design plan, waterfront improvements, arts as an economic generator and major capital projects.

Community Newspapers

The City also places a City News ad each Thursday in the local paper.

Community Events

If the City isn't hosting them, you can bet you will find Mayor and Council attending and supporting community and business events.

Partnerships

The City also partners with a variety of community partners, such as Tourism White Rock, the White Rock Business Improvement Association, the South Surrey White Rock Chamber of Commerce, the White Rock Museum and Archives.

FINANCIAL SECTION

MESSAGE FROM THE DIRECTOR OF FINANCIAL SERVICES

It is my pleasure to present The Corporation of the City of White Rock's Financial Statements for the fiscal year ended December 31, 2012 pursuant to Section 167 of the Community Charter. The statements have been prepared in accordance with the Public Sector Accounting Board principles established by the Canadian Institute of Chartered Accountants.

The preparation and presentation of the Financial Statements and related information are the responsibility of management of The Corporation of the City of White Rock. This involves the use of management's best estimates and careful judgement. The City maintains a system of internal accounting controls designed to provide reasonable assurances for the safeguarding of assets and the reliability of financial records.

KPMG LLP, the City's independent auditor, has audited the financial statements contained herein and their report accompanies the statements.

Operating activities during the year contributed a surplus of \$3,333,393. The total accumulated surplus was \$113,871,400 as of December 31, 2012. This figure is comprised of reserves, the City's investment in tangible capital assets and other surplus funds.

Net financial assets increased by \$4,348,011 to \$34,189,840 as of December 31, 2012. This is a positive indicator of the City's financial position compared to December 31, 2011.

Debt, net of sinking funds, outstanding as of December 31, 2012 was \$257,289, compared to \$159,724 on December 31, 2011. It is comprised of \$149,689 in long-term debenture debt and \$107,600 in short-term financing. The long-term debt is attributed to a local area improvement, of which all annual payments are being recovered from the residents of the local area served by a new sanitary sewer service. The short-term financing relates to the purchase of a solid waste services haul all truck and will be fully repaid in 2013.

In summary, the City ended the year 2012 in a sound financial position.

Sandra Kurylo, B. Comm., C.M.A. Director. Financial Services

INDEPENDENT AUDITORS' REPORT

To the Mayor and Council

We have audited the accompanying financial statements of The Corporation of the City of White Rock, which comprise the statement of financial position as at December 31, 2012, the statements of operations, changes in net financial assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

KPMG LLP is a Canadian limited liability partnership and a member firm of the KPMG network of independent member firms affiliated with KPMG International Cooperative ("KPMG International"), a Swiss entity. KPMG Canada provides services to KPMG LLP.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of The Corporation of the City of White Rock as at December 31, 2012 and its results of operations and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Notes to Financial Statements

Year ended December 31, 2012

The Corporation of the City of White Rock (the "City") is incorporated under the Local Government Act of British Columbia. The City's principal activities include the provision of local government services to residents, businesses and visitors of the incorporated area.

1. Significant accounting policies:

The City follows Canadian generally accepted accounting principles as prescribed by the Public Sector Accounting Board ("PSAB") of the Canadian Institute of Chartered Accountants, including the following significant policies:

(a) Basis of presentation:

The financial statements present the resources and operations including all accounts and funds of the City. All inter-fund transactions, assets and liabilities have been eliminated.

(b) Cash and cash equivalents:

Cash and cash equivalents include short-term highly liquid investments with maturity dates within three months of acquisition that are readily convertible to known amounts of cash and that are subject to an insignificant risk of changes in value.

(c) Temporary investments:

Temporary investments are recorded at cost which approximates market value and are comprised of term deposits.

(d) Revenue:

Revenue is recorded on the accrual basis and is recognized when it is earned and measurable. Revenue relating to future periods, including prepaid property taxes, government grants and certain facility upgrade contributions, are reported as deferred revenue and recognized as revenue when earned.

(e) Development cost charges ("DCCs"):

DCCs collected under the City's Development Cost Charge Bylaw, plus interest earned thereon, are recorded as deferred revenue. DCCs are recognized as revenue when related tangible capital assets are acquired.

(f) Expenses:

Expenses are recorded on the accrual basis and are recognized as they are incurred. This is upon of the receipt of goods or services and/or the creation of a legal obligation. Interest expense on debt and capital lease obligations is accrued to December 31, 2012.

Notes to Financial Statements (continued)

Year ended December 31, 2012

1. Significant accounting policies (continued):

(g) Budget reporting:

The unaudited budget figures reported in the statement of operations represent the 2012 component of the Financial Plan Bylaw # 1967 adopted by the City Council on April 23, 2012.

- (h) Employee future benefits:
 - (i) The City and its employees make contributions to the Municipal Pension Plan. The Municipal Pension Plan is a multi-employer contributory defined benefit pension plan. The City's contributions are expensed as incurred.
 - (ii) Sick leave and post-employment benefits also accrue to the City's employees. The liability relating to these benefits is actuarially determined based on service and best estimates of retirement ages and expected future salary and wage increases. The liabilities under these benefit plans are accrued based on projected benefits prorated as employees render services necessary to earn the future benefits.
- (i) Use of accounting estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Significant areas requiring the use of management estimates relate to the determination of the value of developer contributed assets, useful lives for amortization, valuation of receivables, accrued sick and other post-employment benefits and provision for contingencies. Adjustments, if any, will be reflected in the financial statements in the period of settlement or change in the amount of the estimate.

(i) Debt:

Debt is recorded net of repayments and actuarial adjustments.

1. Significant accounting policies (continued):

(k) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(i) Tangible capital assets:

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets, excluding land, are amortized on a straight line basis over their estimated useful lives as follows:

Asset	Useful life - Years
Land improvements	10 to 50
Buildings and facilities	5 to 50
Machinery and equipment	2 to 25
Roads and sidewalks	10 to 50
Sanitary sewers	30 to 80
Storm sewers	30 to 80

Leasehold improvements are amortized using the lesser of the remaining term of the lease, including all renewal terms, or the life of the asset.

Annual amortization is charged commencing when the asset is available for use. Assets under construction are not amortized until the asset is put into productive use.

(ii) Contributions of tangible capital assets:

Tangible capital assets received as contributions are recorded at their fair market value at the date of receipt and also are recorded as revenue.

(iii) Arts and heritage assets:

Arts and heritage assets are not recorded as assets in these financial statements as stipulated by PSAB standards.

(iv) Interest capitalization:

The City capitalizes the directly attributable interest costs whenever external debt is issued to finance the construction of tangible capital assets.

1. Significant accounting policies (continued):

- (k) Non-financial assets (continued):
 - (v) Leased tangible capital assets

Leases, which transfer substantially all of the benefits and risks incidental to ownership of property, are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

(vi) Inventories of supplies

Inventories of supplies held for consumption are recorded at the lower of cost and replacement cost.

2. Cash and cash equivalents, and temporary investments:

	2012	2011

4. Loans receivable:

The City has a loan receivable in the amount of \$36,000 (2011 - \$46,000) from The White Rock Lawn Bowling Club (the "Club") to assist in financing the purchase and installation of the Club's artificial green. The loan receivable bears a variable per annum interest rate which is the average annual rate of return the City has achieved on its investments in the 12 months preceding the anniversary date of the loan agreement. The remaining principal will be paid in 4 annual instalments. The interest is paid semi-annually.

The City has a loan receivable in the amount of \$35,000 (2011 - nil) from The Peace Arch Curling Club to assist in financing the purchase and installation of kitchen equipment. The loan receivable bears a variable per annum interest rate which is the average annual rate of return the City has achieved on its investments in the 12 months preceding the anniversary date of the loan agreement. The principal will be paid in 10 equal annual instalments with the first payment due May 1, 2013. The interest is to be paid semi-annually.

7. Capital lease obligation:

The City has financed certain equipment by entering into capital leasing arrangements. There are three capital leases repayable in monthly blended installments of \$1,948 including principal and interest. Minimum lease payments due under the capital lease are:

Year ending December 31:	
2013	\$ 23,378

	\$ 257,289	\$ 159,724

(a) Debentures

The City issues debt instruments through the Municipal Finance Authority ("MFA") to finance certain capital acquisitions. Repayments and actuarial adjustments are netted against related long-term debts. Details are as follows:

Bylaw number	Purpose	Maturity date	Interest rate	Authorized amount	Repayments and actuarial adjustments	2012	2011
1667	Sanitary Sewers	2023	5.95%	\$ 224,580	\$ 74,891	\$ 149,689	\$ 159,724

Total interest on the debenture debt for the year was \$13,363 (2011 - \$13,363).

The above sanitary sewer fund debt was borrowed under a Local Improvement Construction Bylaw to finance an expansion of sanitary sewer services. Annual principal and interest payments on this debt are being fully recovered from the local area residents.

10. Tangible capital assets (continued):

(a) Assets under construction:

Assets under construction have not been amortized. Amortization of these assets will commence when the asset is put into service.

(b) Contributed tangible capital assets:

Contributed tangible capital assets have been recognized at fair market value at the date of contribution. The value of contributed assets received during the year was comprised of:

	2012	2011
Roads and sidewalks Sanitary sewers Storm sewers	\$ 41,000 46,500 119,516	\$ 87,188 26,850 88,177

(c) Tangible capital assets disclosed at nominal values:

Where an estimate of fair value could not be made, the tangible capital asset was recognized at a nominal value.

(d) Works of art and historical treasures:

The City manages and controls various works of art and non-operational historical cultural assets including totem poles, sculptures and paintings located at City sites and public display areas. These assets are not recorded as tangible capital assets.

(e) Write-down of tangible capital assets:

There were no write-downs of tangible capital assets during the year.

14. Commitments and contingencies:

(a) Borrowing liability:

The City has a contingent liability with respect to debentures of the Greater Vancouver Sewerage and Drainage District and the Greater Vancouver Regional District, to the extent provided for in their respective Enabling Acts, Acts of Incorporation and Amending Acts. Management does not consider payment under this contingency to be likely and therefore no amounts have been accrued.

Notes to Financial Statements (continued)

Year ended December 31, 2012

14. Commitments and contingencies (continued):

(b) Third party claims:

A claim in the amount of \$500,000 was issued against the City and other parties relating to water ingress into a single family dwelling. The outcome of this claim is undeterminable and no accrual for potential liability has been recorded.

There are various other lawsuits and claims pending by and against the City. The outcome of these claims is undeterminable and it is the opinion of management that final determination of these claims will not materially affect the financial statements of the City.

(c) Contracts:

The City has a contract with the federal government whereby the federal government provides Royal Canadian Mounted Police (RCMP) policing services. RCMP members and the federal government are currently in legal proceedings regarding pay raises for 2009 and 2010 that were retracted for RCMP members. As the final outcome of the legal action and the potential financial impact to the City is not determinable, the City has not recorded a provision for this matter in the financial statements as at December 31, 2012. The City has allocated \$150,000 in the current year (2011 - \$143,000) to a reserve for this matter.

(d) Lease commitments:

The City entered into a five-year agreement, initially ending July 31, 2008, to lease certain parcels of real property from The Burlington Northern and Santa Fe Railway Company. Under the terms of this agreement, the City is committed to annual rent payments as well as the costs of all taxes, utilities, insurance, repairs and maintenance of the leased premises. This is accounted for as an operating lease. This agreement provides for renewal options consisting of three additional five-year terms.

In January 2008, the City exercised its option to renew this lease for the five-year term ending July 31, 2013. During this period, the City is committed to annual base rent payments of \$350,000 with the exception of the period August 1, 2008 to July 31, 2009 which was negotiated at \$300,000.

The City has entered into various leases for office and other operating equipment. Total annual commitments for the next five years, net of applicable taxes are approximately as follows:

Year ending December 31:	
2013	\$ 39,349
2014	27,378
2015	15,239
2016	11,336
2017	1,068

Notes to Financial Statements (continued)

Year ended December 31, 2012

14. Commitments and contingencies (continued):

(e) Agreements and contractual obligations:

In addition to the leases described above, the City has entered into various agreements and contracts for services and construction with periods ranging from one to five years. These commitments are in the normal course of operations.

(f) Debt agreement with the MFA:

The City issues debt instruments through the MFA. As a condition of these borrowings, the City is required to execute demand notes in connection with each debenture whereby the City may be required to loan certain amounts to the MFA. The debt agreement with the MFA provides that if at anytime the scheduled payments provided for in the agreement are not sufficient to meet the MFA's obligations in respect to such borrowing, the resulting deficiency becomes the joint and several liability of the City and all other participants to the agreement through the MFA. The City is similarly liable on a contingent basis for the debt of other municipalities secured through the MFA. Details of the contingent demand notes at December 31, 2012 are as follows:

	2012	2011
Sanitary sewer	\$ 7,364	\$ 7,364

These contingent demand loans are not recorded in the City's financial statements as they are not likely to be paid.

(g) E-Comm Emergency Communications for Southwest British Columbia Incorporated ("E-Comm"):

The City is a shareholder of the Emergency Communications for Southwest British Columbia Incorporated ("E-Comm"). The City receives services for the regional 9-1-1 call centre for Greater Vancouver Regional District and the Wide Area Radio network from E-Comm. The City has two Class A shares (of a total 27 Class A and 22 Class B shares issued and outstanding as at December 31, 2012). As a Class A shareholder, the City shares in both funding the future operations and capital obligations of E-Comm (in accordance with a cost sharing formula), including any lease obligations committed to by E-Comm up to the shareholder's withdrawal date. Class B shareholders are only obligated to share in funding of the ongoing operating costs. The City has recorded its proportionate obligations.

(h) Municipal Insurance Association of British Columbia (the "Association"):

The City is a participant in the Association. Should the Association pay out claims in excess of premiums received, it is possible that the City, along with the other participants, would be required to contribute towards the deficit. Management does not consider payment under this contingency to be likely and therefore no amounts have been accrued.

Notes to Financial Statements (continued)

Year ended December 31, 2012

15. Pension Plan:

The City and its employees contribute to the Municipal Pension Plan (the "Plan"), a jointly trusteed pension plan. The board of trustees, representing Plan members and employers, is responsible for overseeing the management of the Plan, including investment of the assets and administration of benefits. The Plan is a multi-employer contributory pension plan. Basic pension benefits provided are based on a formula. The Plan has about 176,000 active members and approximately 67,000 retired members. Active members include approximately 35,000 contributors from local governments.

The most recent actuarial valuation as at December 31, 2009 indicated a \$1,024 million funding deficit for basic pension benefits. The next valuation will be as at December 31, 2012 with results available in 2013. Defined contribution plan accounting is applied to the plan as the plan exposes the participating entities to actuarial risks associated with the current and former employees of other entities, with the result that there is no consistent and reliable basis for allocating the obligation, Plan assets and cost to individual entities participating in the Plan.

The City paid \$766,200 (2011 - \$716,500) for employer contributions to the Plan in fiscal 2012.

16. Collections for other governments:

The City collects certain taxation revenue on behalf of other government bodies. These funds are excluded from the City's financial statements as they are not revenue of the City. Such taxes collected and remitted to other government bodies during the year are as follows:

18. Comparative figures:

Certain of the comparative figures have been reclassified to conform with the financial statement presentation adopted in the current year.

19. Segmented information:

The City is a diversified municipal government institution that provides a wide range of services to its citizens, visitors and many others. In compliance with PS2700, Segment Disclosures, certain financial information is required to be reported for major activities involving these services. Each of these major activities is comprised of various City departments and/or divisions as noted below.

General Government – Mayor & Council, City Manager, City Clerk, Financial Services, Human Resources, Development Services and Information Services. These departments are responsible for many legislative, operational and administrative support services including but not limited to City Council bylaw and procedural matters, levying and collecting property taxes, hiring City staff, supporting the City's information technology infrastructure, preparing land use plans and approving new development in the City.

Protection Services – Police, Fire, Permits & Licenses and Bylaw Enforcement (non-parking related). These departments are responsible for ensuring public safety and security, preventing crimes as well as enforcing various laws.

Transportation, Engineering and Operations Services – Public Works, Engineering and Parking. These areas are responsible for providing and maintaining the systems that enable the community to use transportation facilities such as roads, sidewalks and parking lots. This category also includes management and administrative services to the City's Operations Department.

Parks, Leisure and Cultural Services – Leisure Services and Parks. These areas are responsible for providing, facilitating the development of, and maintaining high quality parks, recreation facilities and cultural services.

Solid Waste Services – These services involve the City's garbage collection, green waste collection and recycling programs.

Sanitary Sewer System – These services involve the provision and maintenance of all systems related to the distribution and disposal of sanitary sewage.

Drainage System – These services include the provision and maintenance of all systems involving the distribution of stormwater run-off in the City.

2012 REVENUES

Long term fiscal sustainability is an important goal for the City of White Rock. Working to achieve this goal requires solid, informed direction and decisions on financial issues, but also, on the provision of services and land use within the community.

On an annual basis, Council and staff work to prepare a five year financial plan and engages the community for input on that plan. The City strives to set responsible budgets and meet the targets within those budgets. We continually aim to manage the delicate balance needed to provide the services demanded by the public with the ability and willingness to pay for those services, while also focusing on planning for the long term impact on the community.
