TEMPORARY RELOCATION OF BUS LAYOVER

The City is making changes to improve the safety of North Bluff Rd from Martin Street to Johnston Road which recently necessitated a temporary relocation of the bus layover to the 1500-block of Foster Street.

This temporary move allows work to be done on North Bluff Road that will increase safety in the area. From widening the sidewalk, to encapsulating the hydro polls and the installation of an improved crosswalk, this work will greatly improve the safety of both pedestrians and vehicles along North Bluff Road.

Although some parking stalls were affected by the move of the bus layover, this was the only location that would work from a safety and operational perspective. The parking on the west side of Foster Street is still available and there is city owned public parking available under the Miramar Tower that can be accessed from Russell Avenue.

As mentioned, this is temporary and the cities of White Rock and Surrey, and the Coast Mountain Bus company, are working to identify a more suitable location for the permanent bus layover.

It should also be noted that a bus layover is not a bus stop; it is an area where buses park for designated breaks for bus personnel.

For more information, contact the department of Engineering and Municipal Operations at 604.541.2181.

EMPLOYMENT OPPORTUNITIES

Are you looking for a new challenge? The City of White Rock requires skate attendants (10 casuals) and one lead skate attendant to supervise patrons prior to, during, and after public skating times and special events, ensure participants safety, and take payment for skating sessions and equipment rentals. The Lead Skate Attendant is responsible for scheduling and leading skate attendants. These positions are expected to begin in late September and end in early March 2012.

Must possess a current first aid certificate, and be able to skate proficiently and lead children.

Application deadline: Friday, September 2 (Lead Skate Attendant) & Wednesday, September 7 (Skate Attendants)
