

**WHEREAS** under the *Local Government Act*, the Council of the City of White Rock may, by bylaw, provide for the use of automated voting machines, voting recorders or other devices for voting in an election;

**AND WHEREAS** the Council of the City of White Rock wishes to establish various procedures and requirements under that authority;

**NOW THEREFORE**, the Council of The Corporation of the City of White Rock, in open meeting assembled, enacts as follows:

## **1. CITATION AND REPEAL**

- 1.1 This Bylaw may be cited as “*Automated Vote Counting System Authorization and Procedure Bylaw, 2018, No. 2248*”.
- 1.2 “*Automated Vote Counting System Authorization and Procedure Bylaw, 2011, No. 1943*” and all its amending bylaws are hereby repealed.

## **2. DEFINITIONS**

- 2.1 In this Bylaw the following terms have the following meanings:

**Acceptable mark** means a mark which the **vote counting unit** is able to identify, which has been made by an elector in the space provided on the **ballot** opposite the name of any candidate or opposite either ‘yes’ or ‘no’ on any other voting question.

**Automated vote counting system** means a system that counts and records votes and processes and stores election results or any voting results which comprises:

- (a) a number of **ballot scan vote counting units**, each of which rests on a two-compartment **ballot** box, one compartment of which is for:
  - (i) voted ballots, and returned ballots which have been reinserted using the ballot override procedure;
  - (ii) temporary storage of voted ballots during such time as the **vote counting unit** is not functioning; and
- (b) a number of **portable ballot boxes** into which voted **ballots** are deposited where a **vote counting unit** is not functioning or being used which will therefore be counted after the close of voting on general voting day.

**Ballot** means a single ballot card designed for use in an **automated vote counting system**, which shows:

- (a) the names of all of the candidates for each of the offices to be filled; and
- (b) all of the choices on all of the bylaws or other matters on which the opinion or assent of the electors is sought.

**Ballot return override procedure** means the use, by an election official, of a device on a **vote counting unit**, which causes the unit to accept a **returned ballot**.

**Election headquarters** means City Hall of The Corporation of the City of White Rock, 15322 Buena Vista Avenue, White Rock BC.

**Memory pack** means a computer software cartridge which is inserted into the **vote counting unit** and into which is pre-programmed:

- (a) the names of all the candidates for each of the offices to be filled, and
- (b) if applicable, the alternatives of “yes” or “no” for each question on the **ballot**, and which records and retains information on the number of acceptable marks made for each.

**Portable ballot box** means a ballot box, for use in the election, where a **vote counting unit** is not being used at the time of voting.

**Results tape** means the printed record generated from a **vote counting unit** at the close of voting on general voting day, which shows the number of votes for each candidate for each of the offices to be filled, and the number of votes for and against each bylaw or other matter on which the opinion or assent of the electors is sought.

**Returned ballot** means a voted **ballot** which was inserted into the **vote counting unit**, but which was not accepted and which was returned to the elector with an explanation of the **ballot** marking error which caused the **ballot** not to be accepted.

**Secrecy sleeve** means an open-ended folder or envelope used to cover **ballots** to conceal the choices made by each elector (available upon request by the voter).

**Storage ballot compartment** means a designed compartment in the ballot box under each **vote counting unit** into which voted **ballots** are temporarily deposited in the event that the unit ceases to function.

**Vote counting unit** means the device into which voted **ballots** are inserted and which scans each **ballot** and records the number of votes for each candidate and for and against each question on which the opinion or assent of the electors is sought.

### 3. USE OF VOTING MACHINES

- 3.1 Council hereby provides for the use of an **automated vote counting system** to conduct elections and voting on bylaws or other matters on which the opinion or assent of the electors is sought.

#### 4. AUTOMATED VOTING PROCEDURES

- 4.1 The Presiding Election Official for each voting place shall offer, and if requested, ensure that a demonstration of how to vote using a **vote counting unit** is provided to an elector, as soon as such elector enters the voting place and before a **ballot** is issued.
- 4.2 Upon completion of the voting demonstration, if any, the elector shall proceed as instructed, to the Election Official responsible for issuing **ballots**, who, upon fulfilment of the requirements of the *Local Government Act*, shall then provide a **ballot** to the elector, a **secrecy sleeve** (if requested by the elector) and any further instructions the elector requests.
- 4.3 Upon receiving a **ballot** the elector shall immediately proceed to a voting compartment to vote.
- 4.4 The elector may vote only by making an **acceptable mark** on the **ballot**:
  - (a) beside the name of each candidate of choice, up to the maximum number of candidates to be elected for each of the offices to be filled; and
  - (b) beside either 'yes' or 'no' in the case of each bylaw or other matter on which the assent or opinion of the electors is sought.
- 4.5 Once the elector has finished marking the **ballot**, the elector must either place the **ballot** into the **secrecy sleeve** (if one has been requested) or turn the ballot upside down and proceed to the **vote counting unit**, and under the supervision of the Election Official in attendance, insert the **ballot** directly from the **secrecy sleeve**, if applicable, into the **vote counting unit** without the **acceptable marks** on the **ballot** being exposed.
- 4.6 If:
  - (a) before inserting the **ballot** into the **vote counting unit**, an elector determines that a mistake has been made when marking the **ballot**, or
  - (b) the **ballot** is inserted into the **vote counting unit** and not accepted by the vote counting unit the elector may return to the voting compartment to correct the ballot or request a replacement **ballot** by advising the Election Official in attendance.
- 4.7 Upon being advised of the replacement **ballot** request, the Presiding Election Official shall issue a replacement **ballot** to the elector and mark the **returned ballot** "spoiled" and shall retain all such spoiled **ballots** separately from all other **ballots**, and they shall not be counted in the election.
- 4.8 If the elector declines the opportunity to correct the **ballot** or to obtain a replacement **ballot** and has not damaged the **ballot** to the extent that it cannot be reinserted into the **vote counting unit**, the Election Official shall, using the **ballot return override procedure**, reinsert the **returned ballot** into the **vote counting unit** to count any **acceptable marks** which have been made correctly.

- 4.9 Any **ballot** counted by the **vote counting unit** is valid and any acceptable marks contained on such **ballots** will be counted in the election, subject to any determination made under a judicial recount.
- 4.10 Once the **ballot** has been inserted into the **vote counting unit** and the unit indicates that the **ballot** has been accepted, the elector must immediately leave the voting place.
- 4.11 During any period that a **vote counting unit** is not functioning, the Election Official supervising the unit shall insert or direct electors to insert their ballots into the **storage ballot compartment** on the understanding that if the **vote counting unit**:
- (a) becomes operational, or
  - (b) is replaced with another **vote counting unit**, the **ballots** in the **storage ballot compartment** shall, as soon as reasonably possible, be removed by an Election Official and, under the supervision of the Presiding Election Official, shall be inserted into the **vote counting unit** to be counted.
- 4.12 Any **ballots** which were temporarily stored in the **storage ballot compartment** during a period when the **vote counting unit** was not functioning, which are returned by the **vote counting unit** when being counted shall, through the use of the **ballot return override procedure** and under the supervision of the Presiding Election Official, be reinserted into the **vote counting unit** to ensure that any **acceptable marks** are counted.
- 4.13 A sample **ballot** that may be used in an **automated vote counting system** is attached as Schedule "A" to this Bylaw.

## 5. **ADVANCE VOTING OPPORTUNITY PROCEDURES**

- 5.1 **Vote counting units** shall be used at all advance voting opportunities and voting procedures at the advance voting opportunities shall follow, as closely as possible, those described in Section 4 of this Bylaw.
- 5.2 At the close of voting at each advance voting opportunity, the Presiding Election Official in each case shall ensure that:
- (a) no additional **ballots** are inserted in the **vote counting unit** or in the **storage ballot compartment** and they are secured to prevent insertion of any **ballots**;
  - (b) the **results tapes** in the **vote counting unit** are not generated; and
  - (c) the **memory pack** of the **vote counting unit** is secured.
- 5.3 At the close of voting at the final advance voting opportunity, the Presiding Election Official in each case shall:
- (a) ensure that any remaining **ballots** in the **storage ballot compartment** are inserted into the **vote counting unit**;
  - (b) secure the **vote counting unit** so that no more **ballots** can be inserted;

- (c) ensure **results tapes** in the **vote counting unit** are not generated; and
- (d) deliver the **vote counting unit** together with the **memory pack** and all other materials used in the election to the Chief Election Officer at **election headquarters**.

## 6. SPECIAL VOTING OPPORTUNITY PROCEDURES

- 6.1 A **vote counting unit**, and as required a **portable ballot box** as defined herein, shall be used for all special voting opportunities. The Presiding Election Official appointed to attend at each special voting opportunity shall proceed in accordance with Sections 4.2, 4.3, 4.4 and 4.5 of this Bylaw so far as applicable, except that the voted **ballots** shall be deposited into the **portable ballot box** supplied by the Presiding Election Official.
- 6.2 The Presiding Election Official at a special voting opportunity shall ensure that the **portable ballot box** is secured when not in use and at the close of voting at the final special voting opportunity, the Presiding Election Official shall seal the **portable ballot box** and return it together with all other election materials to the custody of the Chief Election Officer.
- 6.3 If a **vote counting unit** is in use at a special voting opportunity, the Presiding Election Official appointed to attend the special voting opportunity shall follow the procedures outlined in Section 5 of this Bylaw as if it were an advance voting opportunity.

## 7. PROCEDURES AFTER CLOSE OF VOTING ON GENERAL VOTING DAY

- 7.1 After the close of voting on general voting day, each Presiding Election Official, except those responsible for advance and special voting opportunities, shall undertake all of the following, generally in the order stipulated:
  - (a) ensure that any remaining **ballots** in the **storage ballot compartment** are inserted into the **vote counting unit**;
  - (b) secure the **vote counting unit** so that no more **ballots** can be inserted;
  - (c) generate three (3) copies of the **results tape** from the **vote counting unit**;
  - (d) remove the memory pack from the vote counting unit and deliver it, along with one (1) copy of the **results tape**, to the Chief Election Officer or designate at **election headquarters**;
  - (e) account for the unused, spoiled and voted **ballots** and place them, packaged and sealed separately (unused/spoiled/voted) and one (1) copy of the **results tape**, into the ballots and results box;
  - (f) complete the ballot account and place the duplicate copy in the ballots and results box;
  - (g) seal the ballots and results box;
  - (h) place the voting books, list of electors, the original copy of the ballot account, one (1) copy of the **results tape**, voter registration books, keys and all completed forms into the election materials box; and

- (i) deliver, or have available for pick up, the sealed ballots and results box, **vote counting unit** and the election materials box, to the Chief Election Officer at **election headquarters**.
- 7.2 At the close of voting on general voting day, the Chief Election Officer or designate shall in the presence of at least one other Election Official and scrutineers, if any, for all special voting opportunities where **vote counting units** were used, proceed in accordance with Section 7.1, as applicable, of this Bylaw.
- 7.3 All portable ballot boxes used in the election will be opened, under the direction of the Chief Election Officer or designate, at the close of voting on general voting day and all ballots shall be removed and inserted into a **vote counting unit** to be counted, after which the provision of Sections 7.1 (a) to (h), so far as applicable, shall apply.
- 7.4 ~~With respect to mail ballots, at the close of voting on general voting day, the Chief Election Officer or designate shall, in the presence of at least one other election official and scrutineers, if any:~~
- ~~(a) open the accepted certification envelopes;~~
  - ~~(b) open the secrecy envelopes and remove the ballots within; and~~
  - ~~(d) insert the ballots into **the vote counting unit**.<sup>1</sup>~~
- 7.4 With respect to mail ballots, following 4:00 p.m. on the Thursday prior to General Voting Day at the close of voting on General Voting Day, the Chief Election officer or designate shall, in the presence of at least one (1) other election official and scrutineers, if any:
- a) Open the accepted certification envelopes (when applicable)
  - b) Open the secrecy envelopes and remove the ballots within; and
  - c) Insert the ballots into the **vote count** <sup>2</sup>
- 7.5 Upon the fulfilment of the provisions of Section 7.1 to 7.4 inclusive, the Chief Election Officer or designate shall insert the memory packs from each vote counting unit into the memory pack receiver (accumulator) in order to obtain the vote totals.

## 8. RECOUNT PROCEDURE

- 8.1 If a recount is required, it must be conducted under the direction of the Chief Election Officer or designate using the **automated vote counting system** and generally in accordance with the following procedure:
- (a) ~~the memory packs of all **vote counting units** must be reinserted into the designated vote counting unit from which they came, to be cleared of all votes recorded;~~<sup>3</sup>
