FOI No: 2021-25

VIA E-MAIL – **Redacted S. 22**

Redacted S. 22

Dear **Redacted S. 22**

Re: Request for Records
Freedom of Information and Protection of Privacy Act

The City of White Rock has reviewed your request for access to the following records pursuant to the Freedom of Information and Protection of Privacy Act (the “Act”):

- *electronic copies of the contracts including services paid to the pest control company(s) over the last 5 years*

Access to these records is available. The City of White Rock has entered two project-specific pest control contracts within the last five years. We have also engaged regular pest control maintenance at a number of civic facilities. Copies of the two project-specific contracts and a summary of the maintenance invoice payments are attached.

Please contact our office if you have any questions or concerns.

Sincerely,

Ken Overton
Manager, Property, Risk Management, and FOI

If you believe that the City of White Rock has been unreasonable in its handling of your request, you may ask the Information and Privacy Commissioner to review our response. You have 30 days from receipt of this notice to request a review by writing to:

Office of the Information and Privacy Commissioner
3rd Floor, 756 Fort Street
Victoria BC V8W 1H2

Should you decide to request a review, please provide the Commissioner's office with:

1. your name, address, and telephone number;
2. a copy of this letter;
3. a copy of your original request sent to the City of White Rock; and
4. the reasons or grounds upon which you are requesting the review.

RODENT CONTROL SERVICE PROPOSAL

Prepared for:

Site Location: 1156 Vidal Street, White Rock, BC

ATTN: Fiona Keating

March 22nd, 2017

Michael Johnston

michael@atlaspest.ca

Site Inspection Findings

The following pest-related concerns were discovered at 1156 Vidal Street, White Rock, BC:

- Rat droppings found in garage upper storage.
- Old rodent bait station by driveway indicates a rodent issue in the area.

Proposed Service Specifications

Scope of Work

We would like to implement a rodent control program in order to address the current rodent problem in the area up until the day of demolition. Our rodent control program includes the installation and regular service of tamper-resistant rodent bait stations around the property. The stations will contain bait that will cause the rodents to perish when consumed. The following option offers a comprehensive service for this property:

| | |
|------------------------------|---|
| Pest Coverage | Rats and Mice |
| Initial Service Installation | \$125.00 plus GST |
| Frequency of Service | Monthly, until day of demolition |
| Investment | \$50.00 plus GST per service |

For covered pests, all options will be explored and discussed to arrive at the most efficient and cost-effective way to provide immediate and/or long-term solutions. If the best solution to a specific pest situation will require an extraordinary amount of time, resources or service technicians (considerably more than our regularly scheduled time and use of materials), an additional fee may be involved to solve the problem.

Some examples of non-covered pest situations and services are: screening/exclusion work, Carpenter Ants, Pharaoh Ants, cluster flies, phorid flies, pest birds, and wildlife such as squirrels, moles and raccoons. For these situations, we will present a separate proposal for your approval.

Reporting

An electronic service report will be provided at the end of each service. Each report will detail the inspection of all pest control devices on-site, any products applied, any pest activity found, and how we have addressed any pest issues that were reported or found.

Time of Service

Atlas will provide service at a time that is convenient to your commercial properties during regular working hours (Monday through Friday 8:00am - 5:00pm). This service will be scheduled in advance.

We hope this proposal meets with your approval. Please feel free to contact myself if you have any questions or concerns, or if you wish to proceed.

Sincerely,

Michael Johnston

CITY OF WHITE ROCK

AGREEMENT FOR SERVICES

PARTIES

This Agreement For Services is made between:

CITY OF WHITE ROCK
15322 Buena Vista Avenue
White Rock, BC V4B 1Y6

(the “City”)

AND:

ORKIN CANADA CORPORATION
101-84 North Bend Street
Coquitlam, BC V3K 6H1

(the “Contractor”)

WHEREAS, the City desires that the Contractor make available its services in those areas in which the Contractor has special professional and technical qualifications; and

WHEREAS, Contractor has represented that the Contractor is skilled in providing these services;

- Prevent and manage pests through installation and maintenance of bait stations and rodent bait at Cypress Walkway between Marine Drive and Marine Lane

NOW, THEREFORE in consideration of the mutual premises and covenants contained herein, the parties agree as follows:

SERVICES

1. The Contractor shall provide services necessary on an "as and when requested " basis for the completion of the Cypress Street Walkway Pest Control including but not limited to:
 - Install and maintain bait stations
 - Supply and install single-catch and multiple-catch mechanical traps
 - Rodent bait in enclosed bait stations
 - Disposal of rodent remains
 - Full details on service standards and procedures in Appendix A

on the terms and conditions set out in this Agreement (the "Services") in an efficient, competent, timely and professional manner to the full satisfaction of the City. This Agreement is not exclusive, nor does it warrant or guarantee any future business or any automatic renewal of Term.

2. The Contractor shall designate Stephen Selski to perform the Services. Should the Contractor designate any other personnel to perform the Services, it shall do so only with the prior consent of the City. In the event that any of the Contractor's designated personnel do not perform the Services to the full satisfaction of the City, the City reserves the right to request the Contractor to make a change in personnel at the Contractor's expense.
3. The City reserves the right to amend or vary these Services upon notice in writing to the Contractor, or, as may be agreed between the City and the Contractor from time to time.
4. The Contractor shall determine the method by which the Services are performed, subject to such reasonable instructions as the City may provide from time to time. Liaison with the City respecting the Services shall be Rosaline Choy, P.Eng., Manager of Engineering (the "City Liaison").
5. The Contractor shall provide the City Liaison and/or Designate(s), upon request, with reports regarding the work done, and to be done, in connection with the performance of the Services.

TERM

6. This Agreement commences on February 3, 2021 and ends upon the completion of the Services to the full satisfaction of the City Liaison, which completion should be no later than February 3, 2022 (the "Term"). The Term of this Agreement may be extended either by mutual agreement in writing signed by both parties, or, by the City, with all other terms remaining the same.
7. The City does not warrant or guarantee any future business. There is no automatic renewal of Term for this Agreement.

PAYMENT

8. The City will pay the Contractor for the Services, excluding expenses, a fee of \$139.50 excluding GST for one pest service per month for all the described Services performed and completed to the full satisfaction of the City. The City will pay the Contractor a one-time set up fee of \$150.00 excluding GST.
9. The Contractor shall invoice the City on a monthly basis which details the Services performed, the person performing each of the Services, the time spent and the fee for each of the Services. Invoices should be submitted in duplicate to the City Liaison and/or Designate(s) for approval.
 - a. If the City approves of the Services which are the subject of the invoice, the City shall pay the Contractor the amount of the approved invoice or part thereof thirty (30) days following the date of the City's approval.
 - b. If the City does not approve of the Services or part of them which are the subject of the invoice, the City shall advise the Contractor in writing of the reasons for non-approval and the Contractor shall remedy the problem at no additional cost to the City before the City shall be obliged to pay the invoice or any part of it, as the case may be.
10. With respect to expenses, the Contractor shall be reimbursed only for expenses with the prior approval of the City and which are accompanied by sufficient and substantiated documentation acceptable to the City.

The City will not be liable for and will not pay any unapproved expenses or increases in fees. The Contractor is expressly agreeing to complete all the described Services for the consideration expressed herein.

11. The Contractor is a GST/HST Registrant with the registration number 885097642RT0001. The Contractor's invoices will clearly show the amount of tax as a separate tax.

WARRANTY OF WORK

12. The Contractor warrants that the Services are free of all defects, deficiencies, and problems arising from workmanship during the Term of the Agreement and mutually agreed extensions.
13. If, in the sole opinion of the City defects, deficiencies or problems appear during the warranty period, the Contractor shall immediately remedy, replace, re-perform or correct the Services at no cost to the City within a time fixed by the City.
14. If the Contractor fails to respond or remedy, replace, re-perform or correct the Services within the time fixed by the City, the City may remedy, replace, re-perform or correct the Services, and, any damage arising from it, by whatever means it chooses and the cost of same shall be paid by the Contractor.

SUSPENSION OF WORK

15. The City may at any time in its sole discretion suspend the Services for a specified or unspecified time by written notice to the Contractor.

16. Upon receiving notice of suspension, the Contractor shall immediately suspend all operations except those which in the City's opinion are necessary to preserve, care for and protect the Services.
17. The Contractor shall be entitled to be reimbursed for its reasonable, proper and actual expenses incurred in protecting, caring for and preserving the Services.

TERMINATION

18. The City reserves the right at its exclusive option to immediately and without further notice, cancel any Agreement, or part thereof, without further liability of any kind.
19. Upon termination of this Agreement, the Contractor agrees that all files, information, data and documents pertaining to the City's business including any software developed in part or in whole during the performance of the Services, shall remain the property of the City, and shall promptly be delivered by the Contractor to the City's office, and no photostatic copy, duplication or reproduction of any kind whatsoever shall be made of such files, information, documents or software without the express written consent of the City.

RELATIONSHIP OF THE PARTIES

20. The Contractor and the City expressly acknowledge that they are independent contractors and neither an agency, partnership nor employer-employee relationship is intended or created by this Agreement.
21. The Contractor shall be solely responsible for all matters relating to statutory deduction of all taxes, employment insurance and Canada Pension and all licenses and permits which may be or become required to perform the Services.
22. The Contractor shall be solely responsible for all matters relating to leave, remuneration, Worker' Compensation, insurance premiums and discipline.

WORKERS' COMPENSATION

23. The Contractor warrants and represents that it will comply with the relevant Workers' Compensation Board (WCB) requirements in the provision of the Services.
24. The Contractor is responsible for carrying and paying for WCB coverage for itself and all its employees, contractors and others engaged in providing the Services.
25. The Contractor agrees that it is the principal contractor for the purposes of the Workers' Compensation Board Industrial Health and Safety Regulations for the Province of British Columbia.
26. The Contractor must have a safety program acceptable to the WCB and must ensure that WCB safety rules and regulations are observed during performance of this Agreement.

INSURANCE

27. The Contractor warrants and represents that it has the following insurance coverage:

- a. Commercial General Liability Insurance with a limit of not less than \$5,000,000 inclusive per occurrence for bodily injury, (including death) and damage to property including loss of use thereof. Such insurance shall include coverage for broad form property damage, contractual liability, completed operations and product liability. The City shall be named as an additional insured on the policy, but only with respect to the operations of the Contractor in the performance of this Agreement.
 - b. Automobile Liability Insurance for a limit of not less than \$5,000,000 for all owned, leased or rented licensed vehicles used in the performance of the contract.
 - c. Where applicable, Property Insurance for the value of Contractor's property, shall be maintained and shall include a waiver of subrogation in favour of the City.
 - d. Professional Liability in an amount not less than \$5,000,000 insuring the Contractor's liability resulting from errors and omission in the performance of professional services under this Agreement.
28. At the request of the City, the Contractor shall provide to the City, a Certificate of Insurance evidencing the required insurances are in force and effect and that all coverages shall provide for 30 days prior written notice to be given to the City in the event of cancellation or material changes. With the prior consent of the City, should any portion of the Services performed be sub-contracted, the Contractor will ensure that each sub-contractor also maintains during the course of this Agreement insurance coverages which are in like form and with limits as those to be carried by the Contractor.

INDEMNITY

29. The Contractor agrees to indemnify, defend and save harmless the City including without limitation, its employees, agents, and elected officials from any or all suits, claims, demands, liens, and/or, expenses or fees (including legal fees) arising out of the Services offered under this Agreement.
30. The Contractor further agrees to indemnify, defend and save harmless the City including without limitation, its employees, agents, and elected officials from all damages, losses, claims, costs, expenses, actions or proceedings arising out of or caused by the negligent or wrongful acts of the Contractor, its employees, servants, sub-contractors and/or agents.
31. The Contractor agrees to indemnify, defend and save harmless the City including without limitation, its employees, agents, and elected officials from and against all suits, claims, losses, damages, expenses and costs of any nature or kind whatsoever, including lawyers' fees, arising from the Contractor or Contractors' employees or agents negligence or breach of copyright, patent, or any other right of any person towards any person(s) or property in connection with the performance of this Agreement.
32. The provisions of this indemnity are paramount to any insurance requirements herein and shall survive the term of this Agreement.

FORCE MAJEURE (ACT OF GOD)

- 33. Neither party shall be responsible for any delay or failure to perform its obligations under this Agreement where such delay or failure is due to fire, flood, explosion, war, embargo, governmental action, Act of Public Authority, Act of God, or to any other cause or similar force majeure event beyond its control, except labour disruption.
- 34. In the event force majeure occurs, the party who is delayed or fails to perform shall give prompt notice to the other party and shall take all reasonable steps to eliminate the cause.
- 35. Should the force majeure event last for longer than 30 days, the City may terminate this Agreement by notice to the Contractor without further liability, expense or cost of any kind.

ASSIGNMENT

- 36. The Contractor shall not assign (in any manner including by operation of law) or sub-contract any of its obligations under this Agreement without the prior written consent of the City.

GOVERNING LAW

- 57. This Agreement shall be governed by and construed in accordance with the laws and courts of the Province of British Columbia and shall in all respects be treated as a British Columbia contract.

COMPLIANCE WITH LAWS

- 38. In carrying out its obligations hereunder, the Contractor shall familiarize itself and agrees to continuously conform to and to ensure its employees, agents and servants continuously conform to, all applicable laws, bylaws, regulations, ordinances, codes, specifications and requirements of all regulatory authorities and conditions, and shall obtain all necessary licences, permits and registrations as may be required by law.
- 39. The Contractor shall pay and discharge all wages, fees, salaries, charges, costs and expenses due and accruing due to any of its employees, agents, suppliers and subcontractors and shall make and remit to the proper authorities all deductions therefrom required by law.
- 40. If the City requests, the Contractor shall furnish evidence of such compliance to the City forthwith.

INTERPRETATION

- 41. Headings are included in this Agreement for convenience of reference only and do not form part of this Agreement.

COUNTERPARTS

- 42. This Agreement may be executed in one or more counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument; however, this Agreement will be of no force or effect until executed by both parties.

ENUREMENT

- 43. The provisions of this Agreement shall enure to the benefit of and be binding upon the Contractor, the Contractor's heirs, executors, administrators and assigns, and the City, its successors and assigns.

ENTIRE AGREEMENT/MODIFICATION

44. This Agreement [AND IN ADDITION THE RFP, RFP RESPONSE AND ANY ADDENDA OR OTHER RELEVANT DOCUMENTS] is [COMPRISES] the whole agreement between the parties and may not be modified, changed, amended or waived except by signed written agreement of the parties.

Indicate your acceptance of this offer by signing and returning three copies of this Agreement.

Pests are more than a nuisance – they can compromise your establishment's hard-earned reputation. Orkin Canada understands your need for highly effective pest management and we take a proactive approach to help keep pests out.

ORKIN CANADA IS CERTIFIED

**EDUCATION
PROVIDER**

Orkin: Setting the Standard for More Than a Century

Orkin is the largest provider of pest control services in North America. Founded in 1901, Orkin Pest Control has grown to approximately 450 branch offices and 10,000 field technicians. Twenty-eight of these offices are in Canada, enabling us to service our clients' locations wherever they may be.

PCO began in the Timmins, Ontario area in 1950 when original owner and founder William Brennan started "Canadian Pest Control Operators." In 1952, Brennan incorporated Canadian Pest Control Operators, which later became PCO Services Ltd.

By 1978, PCO operated three companies in Canada: PCO Services Ltd. (Ontario); PCO Services (Quebec, Eastern Canada); and PCO Services (Western) Ltd. (Western Canada). In 1987, S. C. Johnson, purchased PCO Services from Mr. Brennan. In 1999, Orkin Pest Control merged with PCO Services Corp. to meet the demand from commercial/industrial establishments such as yourself. Many of the commercial industrial establishments were asking for field technicians that were trained in the hospitality, property management, food processing and the distribution industry.

Orkin has grown into a 90M dollar operation today, servicing all provinces and territories in Canada with professional men and women trained in the newest technology and environmentally responsible methods used today. To take it a step further PCO Services Inc. was the first pest control company to achieve its ISO 9002 registration. With this commitment to quality it's no wonder that we have over 50,000 satisfied customers

Today, Orkin Canada is trusted by more businesses in Canada than any other pest management provider.

Why Choose Orkin Canada as Your Partner?

Our technicians have extensive experience and receive world-class training so they understand the unique challenges that you face.

- **National expertise** – We partner with you and provide unrivalled access to our national expertise and resources to help solve pest problems you might face.
- **Rapid, effective response** – Because pest problems can occur at any time, we provide fast, reliable and high-quality service to help you ensure your establishment is protected.
- **Breadth and depth of experience** – Our commitment and consistent nationwide service mean we deliver outstanding results, no matter where you are.
- **Security** – Orkin Canada is bonded, and technicians are screened to allay security concerns.

Industry Involvement

We are actively involved in your industry so we can stay abreast of the trends and issues that affect your establishment – day in and day out. We support a variety of organizations through memberships and sponsorships, and collaborate with the Centers for Disease Control and Prevention (CDC).

Orkin Canada is a proud member of :

- International Association for Food Protection (IAFP)
- International HACCP Alliance
- International Dairy Foods Association (IDFA)
- Food Marketing Institute (FMI)
- National Restaurant Association (NRA)
- National Association of Residential Property Managers (NARPM)
- Building Owners & Managers Association (BOMA) International
- International Facility Management Association (IFMA)
- National Apartment Association (NAA)
- Association of Zoos & Aquariums (AZA)
- Professional Retail Store Maintenance Association (PRSM)
- National Environmental Health Association (NEHA)

Our A.I.M. Approach to Pest Prevention

Committed to Being Environmentally Conscious

Following the latest best practices in Integrated Pest Management (IPM), Orkin Canada prefers using non-chemical approaches to control pests, such as mechanical traps and sealants, to help prevent pests from entering and infesting your establishment. We also use target-specific treatments that zero in on specific pest problems and help minimize any hazard to people, property or the environment.

Orkin Canada's IPM approach is a collaborative and ongoing cycle of three critical activities:

Assess

First we inspect, identify, and evaluate all the underlying reasons pests infest your establishment.

Comprehensive inspections

We detect any sanitation issues or structural conditions conducive to pests.

Identification of pest activity

We examine and report any evidence of pest infestation.

Risk evaluation

We consider your establishment's design, geography and any conditions conducive to pest activity.

Implement

Your Orkin Canada technician continually works with you to develop a customized solution to suit your establishment's unique needs.

Focus on prevention

When we can, we start with exclusion, sanitation and other non-chemical options.

Environmentally responsible

If a product is needed, your Orkin Canada technician selects the most effective treatment with the least impact on the environment.

Sanitation consultation

Your Orkin Canada technician will consult with you to make sure your cleaning, maintenance and exclusion efforts make a real impact on potential pest "hot spots."

Monitor

Ongoing Monitoring

During regular service inspections, your Orkin Canada technician monitors for signs of pest activity, looks for pest-friendly conditions and helps make sure your program is working.

Documentation and Communication

After each service, your Orkin Canada technician documents all services performed, pest activity and any recommendations.

Partnership Roles & Responsibilities

Orkin Canada knows from experience that the most successful pest management programs are true partnerships between our Commercial Pest Specialists and our client's management and staff. By working together to fulfill the roles and responsibilities outlined below, we can make your Orkin Canada IPM program as effective as possible, day in and day out.

Orkin Canada Commercial Services

1. Provide service once a month for regular service. We will include treatment for mice, rats, silverfish, pavement ants and cockroaches. The focus will be for rodent activity
2. Perform a comprehensive inspection during each scheduled visit and determine appropriate treatment methods.
3. Provide an emailed Service Report after each regular visit, which will describe any deficiencies in maintenance or sanitation that could promote pest problems. Recommendations will be made for correcting these deficiencies and submitted to you. (emailed copy)
4. If necessary, carefully select and apply least-hazardous pesticide formulations in accordance with federal, provincial and local regulations and label instructions.
5. We will place exterior bait stations inside the park area in discreet areas that are tamper proof and can only be opened with a special key and serviced technician. (we can use landscape rock shape bait stations to be more discreet)
6. We will place rodenticide inside all the bait stations, both contrac blox and resolv soft bait. There is no tier two poisoning meaning any no harm will come to predators that consume rodents that have ingested the rodenticide.
7. We will mark all devices for recording purposes. (all devices have barcodes to document all activity)

City of White Rock

1. Make the premises available for service at the specified time and ensure that all areas are accessible for inspection and treatment.
2. Prepare your premises for service according to the agreed upon conditions to ensure protection of your property from contamination.
3. Promptly correct deficiencies noted on the written reports provided by your Orkin Canada technician. This is critical to ensure the integrity of your IPM program.
4. Train your employees to conduct routine cleaning processes that do not disturb, remove or contaminate the control methods placed by your Orkin Canada technician (or, Orkin Canada can provide training to your staff upon request).
5. If there is any ant activity that needs control, please email us and we will ensure that any nests are destroyed in the park as part of the program. (Included)

Standards of Performance

To effectively prevent and manage pests at your establishment, your Orkin Canada technician will adhere to the Standards of Performance outlined below as part of your IPM program.

1. METHODS OF CONTROL (All highlighted areas will involve program)

A. Non-Chemical Techniques

1. **Glue boards/sticky traps** of varying types may be used to trap crawling insects and rodents for the dual purpose of monitoring and control. They will be positioned in areas most likely to be frequented by pests, yet placed so as not to interfere with operations. All placements will be recorded on a detailed site diagram.
2. **Pheromone traps** may be deployed as needed and as defined by the scope of service agreement to monitor insect populations.
3. **Mechanical traps** of various types may be used as needed to monitor and/or control rodents. Each station will be mapped on a site diagram.
4. **Ultra-violet light traps** (if required) may be used to trap and monitor various flying insects. These traps will be checked Enter frequency and serviced as needed according to the scope of service agreement.
5. **Vacuums** may be used as needed to remove insects and any debris that might serve as an insect food source.
6. **Foam sealant or caulking** may be used to close openings that can be used by pests, either as harborages or entry points.

B. Chemical Techniques

1. **Pesticides**, if needed, will be applied in accordance with individual product label instructions and only when non-chemical methods have been ineffective or are inappropriate. Materials will be selected from a list of preferred products offered by Orkin Canada or from a facility-approved list developed in consultation with Orkin Canada. Copies of product labels and MSDS will be provided.
2. **Rodent baits** will be used in enclosed bait stations on exterior locations of each restaurant, such as the building perimeter, as well as all other applicable areas. Bait stations in all exterior locations and other areas that are accessible to children, pets

or non-target wildlife will be of a tamper-resistant variety.

2. SERVICE PROCEDURES

A. Exterior Locations

1. Insect and Crawling-Pest Control

As part of Orkin Canada's Perimeter Defense System, baits or seasonal residual insecticide applications will be made as needed in specific, targeted areas around the immediate exterior of each restaurant. These areas might include door frames, window frames, exhaust fan ports, loading docks and foundation walls. Care will be exercised to prevent drift of materials into the facility or landing on surfaces, such as door thresholds, that might allow them to be picked up on shoes or wheels of equipment and be transported inside the facility. The Perimeter Defense System also will include the use of exclusion techniques. Orkin Canada always considers appropriate non-chemical methods of control before utilizing chemical options.

2. Rodent Control

Orkin Canada will install and maintain a supply of weatherproof and tamper-resistant rodent bait stations in the park and other areas likely to be attractive to rodents. Each bait station will be serially numbered to correspond with a site diagram that notes its location. The stations will be inspected to monitor for rodent activity and to ensure that rodent bait remains fresh. Orkin Canada will dispose of any rodent remains – client staff should not attempt to remove or disturb bait stations or their contents.

B. Interior Locations

1. Insect and Crawling-Pest Control

The primary control measures on the interior of your facility will be visual inspections and monitoring devices. During each service visit, your Orkin Canada technician will inspect for conditions conducive to pest infestations and report any needed repairs or maintenance and sanitation issues.

To monitor pest activity, glue traps may be used on floor areas where crawling pests are likely to frequent, and pheromone traps may be used for insects. All traps will be inspected and the information kept on an accumulative log sheet to show increases in numbers of insects trapped. The results of the trap catches and visual inspections will largely determine what course of action is necessary to prevent an infestation.

.....continued

Control measures may include physical removal of pests and infested materials, sealing cracks and crevices, and bait application. In the event that baiting and trapping fail to achieve an acceptable level of control, Orkin Canada may use other measures (*identified in Sections 1A and 1B above*) as needed in specific, targeted areas within the facility.

2. **Rodent Control**

A combination of single-catch and multiple-catch mechanical traps may be placed in areas most likely to be used as runways by rodents, serving as a monitoring and control measure. Your Orkin Canada technician will determine the types of traps used based on an inspection of your facility.

Rodent devices may be placed along walls or in other areas that rodents might use as runways. All such rodent devices will be serially numbered, mapped on a site diagram and maintained. Orkin Canada will dispose of any captured rodents or rodent remains – client staff should not attempt to remove or disturb trap contents. Traps must remain accessible for service by Orkin Canada at all times.

In the event that baiting and trapping fail to achieve an acceptable level of control, Orkin Canada may use other measures (*identified in Sections 1A and 1B above*) as needed in specific, targeted areas within the facility.

Quality Assurance

We back our service with Orkin Canada's Quality Assurance program, which guarantees your pest management service meets Orkin Canada's high quality standards – and your own.

ISO 9001:2008-Certified Corporate Compliance Audits

Orkin Canada employs a National Quality Systems Team, which utilizes an ISO 9001:2008 certified review process to ensure your complete satisfaction. Close monitoring by the ISO Certification Process reinforces Orkin Canada's documented quality management processes and strict regulatory compliance. (Orkin Canada's audit process is certified to be in conformance with ISO 9001.)

Orkin Canada also has an independent Pest and Termite Control Quality Assurance Department that regularly audits the services provided by our branch locations to ensure they meet the Orkin Canada standard. These audits include:

- On-site Safety & Regulatory Review
- Vehicle Safety Inspections
- Service Equipment Inspections
- Administrative Review
- Personnel Training Requirements
- Client On-site Service Inspections
- Service Standard Adherence (Orkin Canada, AIB International, FDA, USDA, etc.)

ORKIN CANADA COMMERCIAL SERVICES
TRIPLE GUARANTEE

2x24 Response Guarantee

When you see a pest, you need service right away – 365 days a year. Orkin Canada makes it easy with a direct priority line to our national customer service department and to your local branch. We'll respond to your request within 2 hours and if needed have someone on-site at your property within 24 hours – guaranteed.

Reimbursement Guarantee*

Should your company be fined by a regulatory agency due solely to a pest infestation, Orkin Canada will reimburse you for the amount of those fines that are paid.

360° Satisfaction Guarantee

With Orkin Canada, your satisfaction is guaranteed on all sides with three unique 60-day guarantees.

- **60 days complimentary service if you're not satisfied with the way we begin our service** – After you choose Orkin Canada, we provide a 60-day guarantee of our service. If you're not satisfied after the first 60 days, we reimburse you in full.
- **60 days complimentary service if you're not satisfied at any time thereafter** – At any time, if you are not completely satisfied with results of your regularly scheduled service, Orkin Canada will provide complimentary service for up to 60 days until you're satisfied.
- **60 days complimentary service by another provider if you're still not satisfied** – If you are still dissatisfied after 60 days of Orkin Canada's complimentary service and you wish to cancel our service, we will pay for the first 60 days of regular service by another provider of your choice.

Emergency Service:

**Included at no extra charge, provided client complies with recommendations.
Emergency response within 24 hours Monday to Friday, 8:00 a.m. to 4:30 p.m.**

Pricing Summary

| Services & Products | Initial Charge of set of Program | Cost of Program |
|---|--------------------------------------|-----------------------------------|
| Initial Set Up Fee of IPM Program | \$170.00 + GST (one time payment) | \$150.00 + GST (one time payment) |
| Integrated Pest Management Program at one service per month | Per Service @ \$139.50 | \$139.50 + GST (per service) |

**initial fee covers cost of landscape bait stations*

What You Can Expect from Your Orkin Canada Service

We pride ourselves on open, ongoing communication with you and your staff to set the stage for successful service. If you choose Orkin Canada, in addition to the world's best pest control, you can expect:

- Checklists and other educational resources that can be downloaded from Orkin Canada University to help you and your staff learn how to help prevent a pest problem at your establishment.
- Comprehensive documentation of all services provided, including written reports and recommendations that are reviewed with your designated representative following each regular service visit.
- Pest control materials including all forms of monitor boards, insect light traps and product formulations, as required.
- Full insurance protection with personal liability and property damage to a limit of \$10,000,000.

Other Services

Orkin Canada offers additional services not included in this proposal. We would be happy to submit a proposal for additional services upon request.

| ▪ Fruit Fly Control | ▪ Mosquito control |
| ▪ Orkin Canada Actizyme™ cleaning solution | ▪ Wildlife control |
| ▪ Washroom care | ▪ Odour control |
| ▪ VitalClean | ▪ COVID-19 Disinfecting |

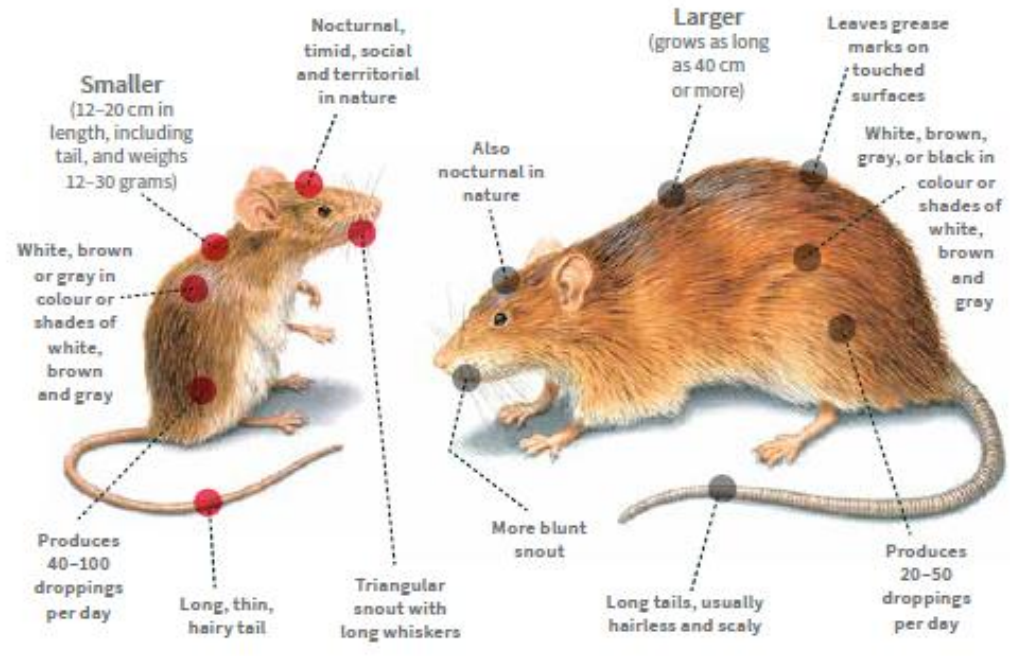

RODENT ROUND UP

Identification

MOUSE VS RAT

Disturbing as it may be, rodent sightings are reportedly on the rise. Don't let your business fall victim to rodent activity. The first step in prevention is to properly identify the problem pest. Rats, mice and other rodent species can be identified by a number of differences – colour, body features, behaviour – but people often cannot tell them apart.

Life Cycle

Rodents reproduce rapidly, meaning a rodent problem can easily go from bad to worse before you know it. And unlike most pests, rodents don't hibernate during the winter.

Prevention

Effective rodent control begins with prevention. To help protect your business from rodents, consider these tips:

- ▶ Regularly inspect for rodent droppings, gnaw marks or burrows.
- ▶ Seal all cracks and gaps larger than ¼ of an inch.
- ▶ Install weather stripping at the bottom of exterior doors.
- ▶ Trim overgrown branches, plants and bushes.
- ▶ Consider keeping a 2-foot barrier between any landscaping and building exteriors.
- ▶ Store all food and garbage properly in sealed containers.

Be sure to contact Orkin Canada, your hometown pest management experts, for assistance in identifying the type of rodent and devising treatment options.
