6 Expenses Incurred

6.1 That the City reimburses members of Council for the reasonable expenses to attend the UBCM, FCM and LMLGA annual conferences. *(Amended May 3, 2010)*

6.2 That the City reimburses members of Council for the reasonable expenses to attend the local Newly Elected Seminar hosted by the UBCM.

“Discretionary” is defined as not requiring the prior approval of Council. Notwithstanding, the expenditure is still subject to scrutiny by Council. If, in the opinion of the Council, it is

determined the expenditure does not comply with the intent of the policy, the expenditure may be disapproved, or if already paid, will be recovered.

“Education Conferences” is defined as a short course, seminar, or conference on subject matter directly relevant to the duties of a member of Council. It is not intended to include accredited courses leading to certification in a trade or profession, or courses leading to a degree or diploma.

- 6.5 That the Councillors be allocated \$5,400 for the four-year term for discretionary education conferences or education materials.

If, in the opinion of the Council, it is determined the expenditure does not comply with the intent of the policy, the expenditure may be disapproved, or if already paid, will be recovered.

“Education Conferences” is defined as a short course, seminar, or conference on subject matter directly relevant to the duties of a member of Council. It is not intended to include accredited courses leading to certification in a trade or profession, or courses leading to a degree or diploma.

- 6.6 That a member of Council who is elected via by-election, Sections 6.4 and 6.5, as applicable, these amounts would be prorated.

- 6.9 Council members may, after reaching the term limit for their additional educational and conference expenses, apply to Council in advance of incurring the expenses, for further educational or conference funding. The City will reimburse further funding by motion of Council.

Note: Until December 31, 2018, Section 81(3) of the Income Tax Act stipulated that 1/3 of Council remuneration shall be considered a non-accountable allowance for expenses incidental to the discharge of the duties of office.

Application Guidelines:

Incidental expenses which were covered by this non-accountable allowance, until December 31, 2018, included but were not limited to the following (incurred within the White Rock boundaries):

- Business use of personal vehicle within the White Rock boundaries
- Meals and entertainment (except while attending a conference or seminar authorized by Council Policy 106 where per diems would be applicable).
- Home office materials and supplies such as stationary, printer paper, toner and Christmas cards. This does not include City business cards as they are provided and

paid for by the City directly. Computer templates for City Councillor letterhead are also available for use where appropriate.

- Home office internet access connections and land line telephone costs etc.

Effective January 1, 2019, due to the change in the Income Tax Act, this portion of Council remuneration is now taxable. Because it is expected that the above expenses will still be incurred by members of Council, annual remuneration has been adjusted to compensate for the additional income tax paid. Therefore the above items will continue to not be reimbursed by the City.

Items not previously covered by the non-taxable allowance, which may be provided at the City's additional expense include the following:

- Technical equipment such as software, hardware, and peripherals. These items are for Council members' use for the duration of their term(s) and remain City property throughout this period. Upon the end of the term(s) of office, these items must be returned to the City
- Conferences, seminars, educational materials and other expenses incurred/reimbursed subject to the provisions of Council Policy 106.
- Business use of personal vehicle when representing the City at meetings outside of the White Rock boundaries for which no other compensation/indemnity is provided.
- City business cards.
- Mayor's City business expenses such as mobile telecommunication costs, stationary, meals and attendance to official events etc.
- Electronic Communication as per Section 8.

7 Qualifying Expenses

Expenditures that qualify for payment are:

- a) Overnight accommodation required while outside the Metro Vancouver as authorized by this policy or Council resolution, as applicable
- b) If air travel is used, flights shall be booked at the lowest available economy fare. Air travel shall be booked as far in advance as practical to take advantage of discounted fares
