REVOCATION OF AN ORDER

White Rock, BC - Burlington Northern and Santé Fe Railway New Westminster Subdivision between Mile post 121.00 and
Mile post 123.00

December 12, 2014

Michael Shircliff
Regional Vice President
North Operations - BNSF
2650 Lou Menk Drive
Fort Worth, Texas
USA 76131-2830

Dear Mr. Shircliff,

I am a Railway Safety Inspector designated by the Minister of Transport under section 27 of the *Railway Safety Act*. On July 31, 2014 a Notice and Order was issued to the BNSF. Pedestrians were running at the promenade, across uncontrolled crossings and climbing over and going through the railing and nearly being struck by the locomotives.

[Between the hours of **0600** and **2000**, all movements will sound a repetitive succession of short engine whistles (rule 14(f) between MP 121.0 and MP 123.0 .]

After review and evaluation of the corrective measures taken as viewed on my inspection of December 10, 2014, I am satisfied that the hazard or conditions posing the immediate threat to safe railway operations has been addressed to my satisfaction.

Consequently, I hereby revoke the Order effective upon receipt of this letter.

Sincerely,

Dennis Maskell
Railway Safety Inspector
