THE CORPORATION OF THE

CITY OF WHITE ROCK

15322 BUENA VISTA AVENUE, WHITE ROCK, B.C. V4B 1Y6

POLICY TITLE: **INSECTS AND PEST INFESTATION – PRIVATE LANDS**

POLICY NUMBER: OPERATIONS / ENG. - 623

Date of Council Adoption: June 15, 2015	*Date of Last Amendment:*
Council Resolution Number: 2015-244	
Originating Department: Engineering and Municipal Operations	*Date last reviewed by the Governance and Legislation Committee: May 25, 2015*

Policy:

The City recognizes the possible dangers to human health associated with insect and pest infestation on private lands. Insect and pest infestation control on private lands is the responsibility of the property owner(s). The City will take no action in this regard.

Rationale:

The City of White Rock wishes to demonstrate that balanced against the nature and quality of the risk involved, the City of White Rock's system of Insect and Pest Infestation Control on Private Lands is reasonable in light of all circumstances including budgetary limits, available personnel and equipment and the criteria of wanting to meet the standard duty of care.
